International Coastal Cleanup

Registration Form

Due to the COVID-19 pandemic, the time frame for International Coastal Cleanup events has been extended and may now take place from August through December. KIC recommends that you schedule your event no earlier than October, because park and beach parking lots may close early during peak season to limit visitors. Social distancing requirements must be followed at all events. People with pre-existing conditions that may make them vulnerable to COVID-19 are advised not to participate this year.

The objective of this international event is to remove and catalog litter and debris from beaches, coastlines and waterways. The information assists the Ocean Conservancy in devising ways to protect the global marine environment.

The ICC is an important environmental project and a fun, educational, outdoor activity! Upon registration you will be provided with instructions and supplies.

Yes, we want to take part in the International Coastal Cleanup:

Indicate the date of your event, scheduled on any date from August through December: _____

Our preferred cleanup location is: _____

Cleanups are not limited to beaches. Town of Islip areas bordering waterways, creeks, wetlands, marinas and docks are also important locations for the International Coastal Cleanup! Every effort will be made to give you your preferred location. We will contact you if it is no longer available and will help you choose another area.

Name of Volunteer Group: _____ Approx. # of Volunteers: _____
